

Tweedmouth West First School

Learning in the Outdoors - Clothing

Respect Responsibility Resilience

The children have a day each week which they spend on the field. There, they follow the same curriculum, but work in more creative ways, making good use of the natural environment.

On these days the children need to be properly dressed.

We follow this rule:-

There is no such thing as bad weather, just the wrong clothes

On field days, your child needs to come well equipped.

Waterproof jacket and waterproof trousers or all - in - one suit

Wellies

Trousers

Tshirt

Sweatshirt

Spare socks

Gloves

Hat

Scarf

If your child has a school hoodie and track suit trousers, they may come to school in those on field days

As the weather gets colder, make sure they have plenty of layers, and keep checking that their clothes still fit - they grow out of things very quickly!
