

# Tweedmouth West First School

## Intent, Implementation, Impact - RE

*Respect Responsibility Resilience*

Intent	Our RE teaching allows children to learn about the beliefs and practices of people of different religions. Through this, they can form their own beliefs and develop their spiritual intelligence.
Implementation	Through a variety of learning opportunities, the children will have the opportunity to explore the beliefs and practices of people of different religions. This may come through enquiry, art, music, history or their own contemplations.
Impact	Our RE curriculum allows children to return to units of work, and to reconsider their opinions and beliefs.
