

Dear Parents/Carers,

Like many people, my family has been touched by cancer, and I know how devastating it can be.

For people in Berwick who are receiving treatment, this can be made even more difficult because of the distance they have to travel to hospital.

Berwick Cancer Car drivers not only offer transport to local people who need to visit hospital, they also stay with them during their treatment, and then bring them home.

I have decided to support this much needed charity in a very unusual way.

On Monday July 16th, here at Tweedmouth West, I will be having my head shaved!

Many people lose their hair as a result of the treatment - mine will soon grow back!

I would really appreciate your support, and a giving page/sponsor forms will be coming soon.

Yours sincerely

Anne Robertson
